Something to think about...

Make the most of each day

A bank credits your account each morning with \$86,400. It carries over no balance to tomorrow. Every evening you lose the balance you failed to use during the day.

What would you do? Draw out every cent, of course! Each of us has such a bank. Its name is TIME. Every morning, it credits you with 86,400 seconds. Every night it writes off what you have failed to invest. If you fail to use the day's deposits, the loss is yours. There is no going back. Invest it so as to improve get from it the utmost in health, happiness, and success! The clock is running. Make the most of life today.
